Hill Spring International School was started with a vision to provide education of International standards and expose young minds to the global environment, thus bringing the world closer to us. At the same time, the overall program has retained and encouraged the core values of our Indian culture.

We hope to continue with the same commitment driven by the internal motivation and support of the entire team at Hill Spring International School.

As rightly said, by Dewey John  
Education is a social process.  
Education is growth.

# MESSAGE FROM THE MANAGING DIRECTOR

---

The Management at Hill Spring International School aims to promote international understanding through education and make this education relevant to the global needs of our time.

The Management team encompasses a three-fold plan at its core:

To provide quality education:

The school provides tremendous opportunities for all its students so that they receive every chance to learn and enjoy their day at school. It offers a well-balanced, challenging, and stimulating program of work. It aims to equip the students with the knowledge, skills, and attitudes required to succeed with a positive self-image at any stage of their lives.

To provide a superior infrastructure backed by a highly trained & skilled professional staff:

The school aims to promote all-round development of the student in an environment that is stimulating and challenging. In addition to acclimatized homerooms, the school houses an array of activity zones and learning centres. The Homeroom teachers are responsible for the care of the students and are sensitive to their individual needs to ensure that they are able to benefit fully from the well-developed program at school.

To promote internationalism:

Through academics and activities within and beyond the homeroom, the school seeks to inculcate in students a respect for and appreciation of the many different cultures of the world and at the same time be rooted in Indian culture and values.

We hope that our students look back on their days of learning at Hill Spring International School as productive, beneficial, and enjoyable!

Warm Wishes,

Dr. Pratibha Mirashi  
Managing Director
